# Another \$1,000,000 Winning New Jersey Lottery Powerball Ticket is About to Expire

**TRENTON, N.J. (Sept. 26, 2014)** – Carole Hedinger, New Jersey Lottery Executive Director, announced that a second-tier prizewinning ticket worth \$1,000,000 from the Wednesday, Oct. 23, 2013 Powerball drawing will expire at midnight on Thursday, Oct. 23, 2014 if not validated. It's time to clean out the drawers and empty the pants pockets and purses in search of the winning ticket. The winning numbers are: 03, 23, 31, 34 and 47. The Red Powerball number is 13. The \$1,000,000 winning ticket would have correctly matched the five white balls. The ticket was purchased in Monmouth County at Kwik Farms, 590 Shrewsbury Ave., Tinton Falls. Claimants have one year from the date of the draw to claim the prize.

"A California player won the jackpot prize of \$213.4 million from the Oct. 23, 2013 draw. Perhaps the New Jersey Lottery player didn't bother to check their ticket when they heard that the jackpot was won by an out-of-state player," said Hedinger. "It's important for our players to remember that there are nine ways to win cash prizes playing Powerball. Simply matching the Red Powerball number wins a cash prize and the amounts climb with each additional correct number match. We encourage all of the players to check their tickets regularly so that they don't miss the opportunity to claim a prize of any amount." See the Powerball prize chart below to view the winning possibilities including how using the Power Play option enhances each non-jackpot win.

Anyone holding the winning ticket should immediately sign the back, contact Lottery Headquarters at 609-599-5801 or visit any New Jersey Lottery retailer to validate the ticket. Once validated, the retailer will provide the ticketholder with a confirmation slip that they can bring to Lottery Headquarters during business hours, 8:30 am – 4:30 pm Monday through Friday.

	\$7	\$14	\$21	\$28	\$35
	\$7	\$14	\$21	\$28	\$35
	\$4	\$8	\$12	\$16	\$20
	\$4	\$8	\$12	\$16	\$20

Overall odds of winning a prize are approximately 1 : 31.8

\*Base prize amounts without Power Play option. Subject to the published rules of the New Jersey Lottery, the fixed prize amounts indicated here may be pari-mutuel.

\*\*The jackpot prize will be divided equally among multiple winners. The prize is paid in 30 annual installments unless the CASH OPTION is selected.

A minimum of 30 percent of the unclaimed prize money is returned to the State annually to fund Lottery beneficiaries. In addition, special player promotions and Second Chance drawings are funded by the unclaimed prize fund, returning unclaimed winnings back to the Lottery playing public. In Fiscal Year 2013, more than \$38 million in prizes remained unclaimed. Visit the Where Lottery Money Goes section on NJLottery.com website for a listing of lottery revenue recipients.

### ABOUT THE NEW JERSEY LOTTERY

Since its inception in 1970, the New Jersey Lottery (NJLottery.com) has contributed more than \$22 billion to the State in support of education and institutions. In Fiscal Year 2013 the Lottery's contribution was more than \$1 billion. Among its beneficiaries are: veterans homes, community and other colleges and universities, school nutrition programs, homes for the developmentally disabled, psychiatric hospitals, higher education scholarship programs and the Marie Katzenbach School for the Deaf.
